Information 4 free for publishing July 30th 2025

REGISTRATION FOR THE NORDIA 2026 EXHIBITION HAS STARTED

Here are instructions for filling out the registration form

To register for the NORDIA 2026 exhibition, please fill out an online registration form (links are provided at the end of these instructions). There are two different forms, one for the Literature class and another for all the other competitive classes. The form must be filled out separately for each registered exhibit. Fill in at least the fields marked with a red asterisk (*). Fill in the form carefully, as the information will be transferred to the exhibition catalogue as is. Forms are available in English only.

Forms adapt to the information already entered, e.g. the number of frames depends on the selected exhibit class. You should attach the introductory page and optional synopsis of the exhibit to the registration form in the section "*Introductory page and optional synopsis*".

The form does not need to be printed or signed, but is sent directly by pressing the blue button "**Submit**". Once you have submitted the form, you will receive a notification in your browser that the registration has been sent successfully. You will receive a message to the email address you provided when the form has been received, and later also a separate email message when the commissioner has checked the information provided in the form. Depending on the activity of each commissioner, this may take hours, days or at most a few weeks. If there is any ambiguity in the information provided in the form, the commissioner will contact the email address you provided.

Submit your registration by January 11, 2026. The organizing committee will send the commissioners a list of exhibits accepted for the exhibition no later than February 15, 2026. The commissioner will inform each exhibitor of the selections shortly thereafter.

In case of any problems, you can get help from your commissioner or the members of the exhibition committee:

Risto Pitkänen, Commissioner General, risto.pitkanen@pp9.inet.fi
Jari Majander, Member of the Philatelic Team, jari.majander@gmail.com
